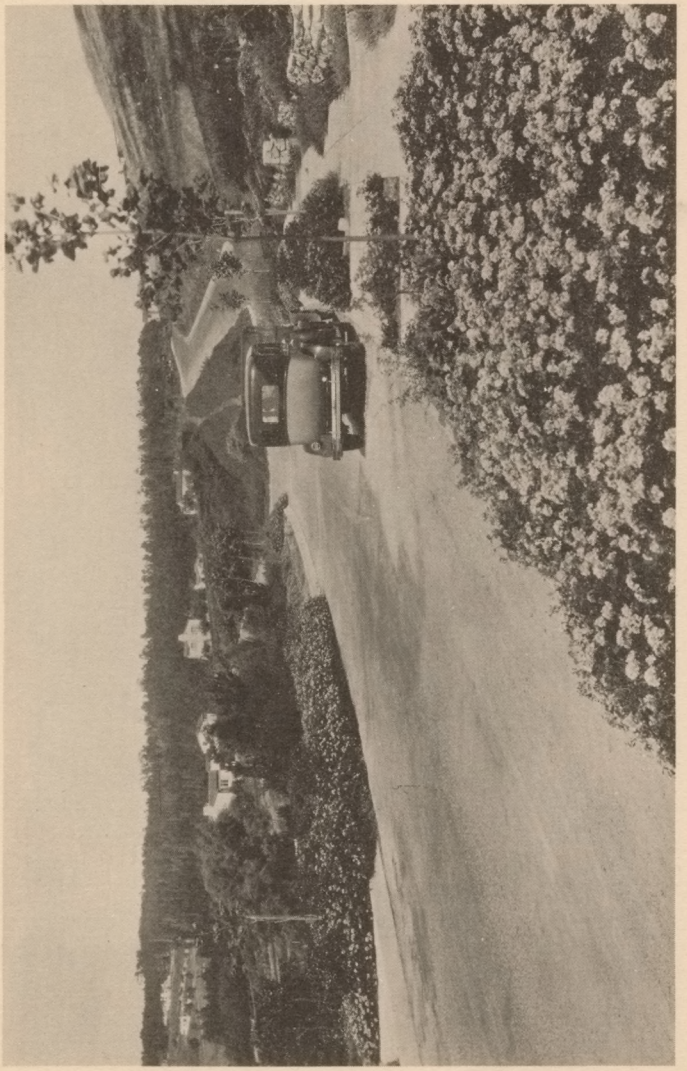
#3



OLMSTED BROTHERS, the nationally known Landscape Architects, are Directors of Design at Palos Verdes Estates. Their roads are famous the world over. Here no unsightly gashes mar the hillsides. The roads wind in such graceful curves that it seems as though Nature herself had planned them.

Architectural control is vested in a paid Art Jury, technically competent, and entirely divorced from any interest in the sale of property.

I am one of a series telling the colorful story of Palos Verdes Estates.
Keep me—for you will want all of us when the story is finished.
